UCI Physical Sciences Communications

UCI School of Physical Sciences PODCAST

The People of Physical Sciences
Into the Eddleman Quantum Institute with

Maxx Arguila

Javier Sanchez-Yamagishi

Bill Evans

It all started one day on a bus in Iowa.

Picture Credit:

Fe Valencia

This episode's about happy accidents that happen in funny places. Such accidents can happen on a bus, or at the level of individual atoms. Both have happened to our scientists at the new Eddleman Quantum Institute, so grab a chair, lean in, and get ready for the unexpected.
