In this issue...

• Announcements/Upcoming Events
• Follow us on Facebook!
• Add/drop policies
• Math, Chem and Physics clubs
• Tutoring info
• How to update your address
...and much, much more!

ANNOUNCEMENTS/UPCOMING EVENTS:

• Come check out our page on Facebook for school updates and other important information. Look us up under UCI Physical Sciences http://www.facebook.com/UCI.PhysSci
• You can enroll in a maximum of 18 units when your window opens. This was increased to 20 units on March 20 at noon.
• The Physical Sciences Student Affairs Office now has a revamped website! Check it out at http://ps.uci.edu/stuaff for info regarding
  • Degree Requirements
  • Research
  • Petitions and Forms
  • Tutoring

IMPORTANT SPRING QUARTER DATES:

April 2 - Instruction begins
April 13 - Deadline to drop a class without dean’s approval using WebReg (5pm).
April 20 - Deadline to add a class without dean’s approval using WebReg (5pm).
May 11 - ‘W’ grade assigned for classes dropped after May 11, IF the drop is approved.
May 28 - Memorial Day
June 15 - Last day of classes
June 9-14 - Final Exams
June 16 - Physical Sciences Commencement Ceremony

ADD/DROP POLICY ON CAMPUS!!

**DROP: The deadline to drop courses in the School of Physical Sciences is the end of Week 2 by 5:00PM. Drops can be made in WebReg.

**CHANGE: The deadline to change grade option or variable units is the end of Week 2 by 5:00PM. Changes can be made in WebReg.

**ADD: The deadline to add courses in the School of Physical Sciences is the end of Week 3 by 5:00PM. Adds can be made in WebReg.

An online petition will be used for adds, drops, and changes after the listed enrollment deadlines have passed. Log into STUDENT ACCESS to submit an enrollment exception request.

**Some departments within the School of Physical Sciences have deadlines earlier than those for the School. Please see the comments in the SOC for details:

CHEMISTRY ADD: The deadline to add courses in the Department of Chemistry without permission using WebReg is the end of Week 2 by 5:00PM. Please NOTE: This deadline is earlier than the School of Physical Sciences week 3 deadline. Send an email to undergrad@chem.ps.uci.edu for approval to add a chemistry course during week 3.

NO CHEMISTRY LABORATORY CHANGES AFTER WEEK 1. Please NOTE: This deadline is earlier than the School of Physical Sciences week 2 deadline.

ESS ADD: The deadline to add courses in the Department of Earth System Science is the end of Week 2 by 5:00PM. Adds can be made in WebReg. Please NOTE: This deadline is earlier than the School of Physical Sciences week 3 deadline.
Graduating Seniors:

Nervous about finding a job? Visit our career info page at [http://ps.uci.edu/stuaff/content/careers.html](http://ps.uci.edu/stuaff/content/careers.html)

...and don’t forget to submit those graduation applications, the time is now if you plan on graduating in the spring or summer.

Log in to Student Access today!

Don’t forget to check out the Spring Career Fair on May 3!

CAREERS AFTER COLLEGE

- **Math** provides a solid foundation for further study in graduate or professional school, including law school or business school. Information about math careers is available at: [AMS Careers](http://www.ams.org), [MAA Careers](http://www.maa.org), [AWM Career Resources](http://www.awm-mf.org)

- **Physics** majors are analytical thinkers with a basic understanding of natural processes. Even with a Bachelor’s degree, physics majors are in high demand in our technological society. To get an idea of industrial opportunities go to: [dice.com](http://www.dice.com) and search “physics”, [AIP Careers](http://www.aip.org), [APS Careers](http://www.aps.org), [SPS Careers](http://www.sps.org)

- **Chemistry** majors are prepared to go on to careers in the chemical sciences as well as in biology, medicine, earth sciences, secondary education, business, and law. More information is available at: [AIC Career](http://www.aic.org), [ACS Careers](http://www.acs.org)

- **EES** students go on to graduate school programs and careers as research scientists in academic, public, or private institutions. Students are prepared to enter the workforce directly as scientists in a diverse array of fields. EES career information can be found at: [AGI Careers](http://www.agi.org), [AGU Careers](http://www.agu.org), [GSA Careers](http://www.gsa.org)

ICAMP [http://math.uci.edu/~icamp/](http://math.uci.edu/~icamp/)

- Math 77 A-B-C-D: Topics in Mathematics and Computation in the Digital Age is offered this year

- iCAMP provides an opportunity for first and second year students to learn about a topic in computational applied mathematics, get early research experience and explore what it is like to work as a professional in computational applied math.

- All majors welcome but Math 2A, Math 2B and ICS/CSE 21 are required for iCAMP

- Students who have completed a Math77 course may apply for a paid summer research position.

CELEBRATE UCI!

One Day. One Campus. Many Options. Come to Celebrate UCI on Saturday April 21, 2012. This spring event features an outdoor Festival, Open House and Car Show. Wayzgoose, UCI’s oldest tradition, is a student run festival in Aldrich Park - filled with live entertainment, food, games and rides for UCI and the community. Many offices and services will be open or available with information for everyone - especially prospective students. This includes academic program information and sessions; campus, housing and recreation facilities tours; Financial Aid and Admissions; and much more.

Events and Parking are FREE. Visit [www.uci.edu/celebrate](http://www.uci.edu/celebrate) for more information and specific times of events.
We are the American Chemical Society Student Affiliates also known as the Chemistry Club at UC Irvine. The Chemistry Club is an undergraduate organization that is committed to help other undergraduates on campus to reach their educational and career goals by showing them many opportunities that are available throughout the field of chemistry. Our club has many exciting events. These past quarters, our club has been privileged to have Chemistry professors such as Dr. Penner and Dr. Luptak to talk about their research. Dr. Taagepera did a food demonstration in one of our meetings. We also had a panel of graduate students where undergraduates had the opportunity to ask questions about how to get into and what it's like to be in graduate school. In the past, we have been part of the Wayzgoose Festival in Aldrich Park and the Discover UCI Day on Ring Road. Also, chemistry demonstrations were conducted to middle school students to get them excited about science! The Chemistry Club looks forward to having more exciting events such as inviting more professors to come and to talk, doing hands-on demos, and a field trip to the nuclear reactor located at UCI.

PHYSICS CLUBS

At UCI, the Society of Physics Students, or SPS, is a primarily undergraduate student organization set up for the purpose of promoting the study of physics, assisting students studying physics, providing career guidance to physics students, and presenting research opportunities in the physics department.

To achieve these goals, SPS conducts demonstrations and organizes events to help students to develop interest in studying physics, provides a place of study to members (Frederick Reines Hall, Room 2137), and offers access to instructors and researchers in the physics department, in addition to providing a group of fellow physics students to discuss and assist in the study of physics.

We are planning to launch a balloon into space! Join us this spring quarter to have a blast!

The Society of Physics Students (SPS) is a community for students interested in physics and related fields. For more information, go to [http://www.physics.uci.edu/~spss/](http://www.physics.uci.edu/~spss/) or visit the SPS room (FRH 2137).

The Astronomy Club meets every two weeks to explore the night sky. Explore the Universe with them: [http://www.physics.uci.edu/~astroclb/](http://www.physics.uci.edu/~astroclb/)

CAL TEACH CLUB

The Cal Teach Club was established as a UCI campus club in Fall of 2008. The club is a network of students geared towards providing resources for students interested in becoming future math and science teachers. The organization is connected with the Cal teach Program and provides a smaller community to learn of opportunities in a social setting of peers with the same interests.

UCI Irvine launched its Cal Teach Science and Math Program in 2006 in response to the critical shortage of qualified middle school and high school math and science teachers throughout the state. The need is expected to increase with an anticipated wave of teacher retirements. The Cal Teach program is a collaborative initiative sponsored by the School of Biological Sciences, School of Physical Sciences, and Department of Education. Program strategies are to: a) offer undergraduates opportunities to explore math and science teaching as a career option; and b) offer degree program options that make it possible for undergraduates to earn a bachelor's degree in math, science, or other technical field and a California teaching credential all in four years. For more information visit: [http://www.gse.uci.edu/calteach/](http://www.gse.uci.edu/calteach/)

CHEMISTRY CLUB

We are the American Chemical Society Student Affiliates also known as the Chemistry Club at UC Irvine. The Chemistry Club is an undergraduate organization that is committed to help other undergraduates on campus to reach their educational and career goals by showing them many opportunities that are available throughout the field of chemistry. Our club has many exciting events. These past quarters, our club has been privileged to have Chemistry professors such as Dr. Penner and Dr. Luptak to talk about their research. Dr. Taagepera did a food demonstration in one of our meetings. We also had a panel of graduate students where undergraduates had the opportunity to ask questions about how to get into and what it's like to be in graduate school. In the past, we have been part of the Wayzgoose Festival in Aldrich Park and the Discover UCI Day on Ring Road. Also, chemistry demonstrations were conducted to middle school students to get them excited about science!

Our club looks forward to having more exciting events such as inviting more professors to come and to talk, doing hands-on demos, and a field trip to the nuclear reactor located at UCI. [http://www.clubs.uci.edu/acssa/](http://www.clubs.uci.edu/acssa/)
Free Tutoring:
Check out our student affairs website for links to a variety of tutoring options!

http://ps.uci.edu/stuaff/content/tutoring

CommenCenCe VolunTeers
If you are not graduating this year, but would like to participate in the commencement ceremonies, we are looking for volunteers to help as banner carriers.
Please go to http://www.commencement.uci.edu/volunteers.php for more information on how you can help us out.

Physical Sciences Mentor Program
The School of Physical Sciences Mentor Program connects current students with science professionals to provide a personal, one-on-one opportunity for students to explore career possibilities and allow mentors to share their experiences. For more information or to sign up, visit: http://ps.uci.edu/mentor/

Would you like to participate in research?
Visit the Research page of our office website, at http://ps.uci.edu/stuaff/content/research
Come in and see us for more info, we are in RH 134.

Health Professions Grad School Fair
Interested in learning about health & medical grad school options? Check out the Health Professions Grad School Fair on April 10, 2012 from 3-6pm in the Student Center Ballroom!
The fair will bring together representatives from various graduate and professional schools to provide UCI students information about admission requirements and programs.

Update Your Address
Remember, every time you move, you should log on to the Student Access website and update your local and/or permanent address. This way, the Student Affairs Office and other offices on campus can send you important information in the mail.

Meet the Peer Advisors and Academic Counselors
Our office is open from 9:00am—4:00pm weekdays, and we advise walk-in students every day, no appointment needed. We are in 134 Rowland Hall!

Paige........... pmurata@uci.edu
Greg............ shafferg@uci.edu
Joy.............. jbsai@uci.edu

Questions?.... Please contact a Peer Academic Advisor or Academic Counselor at 949-824-6507, or pseazot@uci.edu, or come into the office to speak with us. We are located in Rowland Hall 134 and our walk-in hours are Mon-Fri 9-4:00.
